

The Unique Collection Of Hotels & Resorts

Announcement of Pawapi Resort & The Unique Collection Cooperation

The Unique Collection of Hotels & Resorts welcomes ‘Pawapi Resort’ to the group.

Beyond the prime island location, the latest of the Unique Collection of Hotels and Resorts sits quietly on the white sand overlooking the crystal clear waters of Koh Mook Island. Nestled on the 3rd largest island in Trang, the resort incorporates the stunning scenery in the island design. All rooms are positioned on or footsteps away from the beach and local materials are used for decoration throughout the property. The pleasant atmosphere where local employees feel valued means that visitors can truly experience the original ‘Koh Mook’ lifestyle, with all the essential facilities fully provided.

Mr. Peter Kaelli, CEO of The Unique Collection of Hotels & Resorts said, “Pawapi Resort is uniquely different with its rustic charm and being close to nature. We believe that tourists from many countries, Thai included, would absolutely love this style of property; a nice resort in secluded island but offering convenience for its visitors to come from the city allowing you to relax and recharge whilst experiencing the local way of life. We have big plans for this property over the next few years in developing Pawapi Resort to a 4 star standard whilst adding new villas, facilities and services resort wide”

Set away to the South West of Hat Chao Mai National Park and around 9 km from Guan Tong Gu Pier, Pawapi Resort offers breathtaking panoramic views of the Andaman Sea from your private balcony. This tranquil resort is tucked away in nature where you can enjoy seeing colorful fish in the sea, vivid forest flowers, cashew nut trees, mango trees, even hundred-year-old tamarind trees which have been carefully preserved. The community nearby, likewise, has retained its originality. Visitors can see fresh fish-

and seafood being brought in daily by the local fisherman; which is considered the main job of people in Koh Mook or take a stroll or bike ride around the island to see local villages and observe the local way of life. A variety of activities are also offered ranging from visiting the Emerald Cave, Tiger Cave, Big Cave, snorkeling, scuba diving, mountain biking, trekking to a boat trip around the local islands (Koh Lipe, Koh Lanta, Koh Hai, Koh Kradan).

The founder of Pawapi Resort, Mrs. Chuanpis Tanarat intended to lift the resort to be a secluded destination where visitors can truly indulge with nature. “Not only do we offer a remarkable spot but also accommodations that are very close to the sea. Guests can easily open the terrace door and walk down to the water. Additionally, the design incorporates many of the natural local materials such as bamboo weave, traditional grass roofs, wooden floors; the finishing is hand-made teak, redwood, reed and cane furniture along with the construction that was handcrafted by the local people. You can simultaneously enjoy the amazing art and culture with our ‘handmade’ rooms.”

For more than 7 years, Pawapi Resort has opened its doors to visitors. The resort will re-open ready for this coming high season with 23 rooms including the recently renovated bungalow rooms as well as newly constructed villas. Transportation to the resort couldn't be easier; just a short drive from Trang airport followed by a 15-minute longtail boat ride to the resort; Pawapi Resort is the perfect place to refresh, unwind and unplug yourself no matter how long your stay.
